1. INTRODUCTION

These guidelines are based on Regulation No 1295/2013 of the European Parliament and of the Council of 11/12/2013 concerning the implementation of a programme of support for the European cultural and creative sector (CREATIVE EUROPE).\(^1\)

The European Commission is responsible for the implementation of the Creative Europe Programme and for the decision to grant individual European Union funds. The Education, Audiovisual and Culture Executive Agency hereafter "the Agency" manages the Culture and MEDIA Sub-programme on behalf and under the control of the European Commission.

General background information about the Creative Europe programme can be found on the following link: http://ec.europa.eu/media.

2. OBJECTIVES - PRIORITIES

2.1 Objectives and Priorities

Within the specific objective of reinforcing the European audiovisual sector’s capacity to operate transnationally and internationally one of the priorities of the MEDIA Sub-programme shall be to:

- increase the capacity of audiovisual operators to develop European audiovisual works with a potential to circulate in the Union and beyond and to facilitate European and international co-production, including with television broadcasters.

The MEDIA Sub-programme shall provide support for the following measure:

- the development of European audiovisual works in particular films and television works such as fiction, documentaries, children’s and animated films, as well as interactive works such as videogames and multimedia with enhanced cross-border circulation potential.

Under this Support scheme, applicants may submit proposals to develop concepts or projects for Video Games.

2.2 Targeted Projects:

The MEDIA Sub-programme supports European production companies with proven experience interested in developing a video game concept or project presenting:

- high level of originality, innovative and creative value, cultural diversity and enhanced Europe's cultural identity and heritage compared to existing mainstream works
- high level of commercial ambition and extensive cross-border potential able to reach European and international markets

### 4. AVAILABLE BUDGET

The total budget available for the co-financing of concept and project development of video games is estimated at EUR 2.5 M.

Financial contribution of the EU cannot exceed 50% of the total eligible costs of the action.

The contribution under these Guidelines is:
- between EUR 10,000 and EUR 50,000 for concept development (supporting activities to the point that a playable game concept is realised);
- between EUR 10,000 and EUR 150,000 for project development (supporting activities to the point that the concept can be clearly expounded as a playable prototype).

Support for concept development and project development cannot be combined for the same video game.

The Agency reserves the right not to distribute all the funds available.

### 5. ELIGIBILITY CRITERIA
Only applications which comply with the following criteria will be the subject of an in-depth evaluation.

5.1 **Formal criteria**

In order to submit an application, applicants must provide their Participant Identification Code (PIC) in the application form. The PIC can be obtained by registering the organisation in the Education, Audiovisual, Culture, Citizenship and Volunteering Participant Portal. The Participant Portal allows applicants to upload or update the information related to their legal status and attach the requested legal and financial documents. See the section on Registration in the Participant Portal for more information.

Only proposals submitted in one of the EU official language, using the official application form, completed in full, signed (original signatures or equivalent required) and received by the specified deadline, will be considered. The application form must be accompanied by all the documents referred to in the application form. Applicants must submit a budget that is balanced in terms of expenditure and revenue and that complies with the ceiling for European Union cofinancing, set at 50%.

5.2 **Eligible countries**

Applications from legal entities established in one of the following countries are eligible as long as all conditions referred to in Article 8 of the Regulation No 1295/2013/2013 establishing the Creative Europe Programme are met and the Commission has entered into negotiations with the country:

- EU Member States;
- Acceding countries, candidate countries and potential candidates benefiting from a pre-accession strategy, in accordance with the general principles and general terms and conditions for the participation of those countries in Union programmes established in the respective Framework Agreements, Association Council Decisions or similar agreements;
- EFTA countries which are members of the EEA, in accordance with the provisions of the EEA Agreement;
- The Swiss Confederation, on the basis of a bilateral agreement to be concluded with that country;
- Countries of the European neighbourhood area in accordance with the procedures defined with those countries following the framework agreements providing for their participation in European Union programmes.

The Agency may select proposals from applicants in non EU countries, provided that, on the date of the award decision, agreements have been signed setting out the arrangements for the participation of those countries in the programme established by the Regulation referred to above. (Updated list of countries that fulfil the conditions referred to in Article 8 of the Regulation 1295/2013 and that the Commission has started negotiations with can be found on the following link) http://ec.europa.eu/culture/creative-europe/documents/eligible-countries.pdf

---

2 The organisation has to register in the Unique Registration Facility (URF) hosted in the Education, Audiovisual, Culture, Citizenship and Volunteering Participant Portal. The Unique Registration Facility is a tool shared by other services of the European Commission. If the organisation already has a PIC that has been used for other programmes (for example the Research programmes), the same PIC is valid for the present call for proposals.
5.3 Eligible applicants

Development support is open to European production companies that can demonstrate a proven track record.

A European company is a company established in one of the countries participating to the MEDIA Sub-programme and owned directly or by majority participation, by nationals from such countries.

Proven track record is understood as following:
The applicant must prove it has produced a previous video game that is eligible under the terms described in Section 5.4 and that has been commercially distributed during the two calendar years preceding the publication of the Call for Proposals.

Concerning the production of a previous video game the applicant must prove that it developed it and must provide a sales report over the reference period.

The applicant must also own the majority of rights related to the submitted project.
No later than on the date of submission, the applicant must show that it holds the majority of the rights relating to the project for which support is being sought. It is required to provide a contract covering the rights to the artistic material included in the application. This must include at least the concept. This contract must be duly signed and dated by the author(s)/game designer(s).
If the project is an adaptation of an existing work the applicant must also show that it holds the majority of the rights relating to the rights of adaptation to this work with an option agreement or transfer of rights contract duly dated and signed.

The following applicants are ineligible:
- Foundations, Institutes, Universities, associations and other legal bodies acting in the public interest;
- applications from groups of companies;
- natural persons.

5.4 Eligible activities

Only the development activities for the following projects are eligible:

Digital video games regardless of platform or expected distribution method. In all cases the game must be intended for commercial exploitation.

The digital content must provide substantial interactivity with a narrative component.

The first playable version of the submitted project must not be scheduled to occur within 8 months from the date of application.

No grant may be awarded retrospectively for actions already completed.

The eligibility period will end 30 months after the date of submission. If the project enters into production before the end of this period, the period of eligibility of costs ends on the date of entry into production of the project.

3 The following types of contracts will be accepted:
- an option agreement concerning the transfer of rights between the author and the applicant company, of an adequate duration to cover the whole development schedule and clearly setting out the conditions for exercising the option; or
- a contract transferring the rights from the author to the applicant company.
The option agreement or transfer of rights contract can be replaced by:
- a unilateral declaration of the transfer of rights to the applicant company where the author is the producer, a shareholder or an employee of the company;
- a co-production or co-development agreement duly dated and signed by the parties and clearly showing that the applicant company holds the majority of the rights at the date of the application.
However, if after the signing of the decision/agreement and the start of the project it becomes impossible for the beneficiary, for fully justified reasons beyond its control, to complete the project within the scheduled period, an extension to the eligibility period may be granted. A maximum extension of 6 additional months will be granted, if requested before the deadline specified in the agreement. The maximum duration will then be 36 months after the deadline for submission.

Applications requesting financial contributions of less than EUR 10.000 are ineligible.

**The following projects are ineligible:**

- reference works (encyclopaedias, atlases, catalogues, databases and similar);
- "how-to" works (instructional guides, manuals and similar);
- tools and software services aimed solely at technological development and/or used solely for further developing already existing game concepts;
- information or purely transactional services;
- projects promoting tourism;
- multimedia art projects;
- websites being, or dedicated specifically to, social platforms, social networking, internet forums, blogs or similar activities;
- projects including pornographic or racist material or advocating violence;
- works of a promotional nature (in particular branded content);
- institutional productions to promote a specific organisation or its activities.

Automatic Award criteria
9. **FUNDING CONDITIONS**

An EU grant is an incentive to carry out activities that would not be possible without the support of the Union. It is based on the principle of co-financing. The EU grant supplements the applicant organisation’s own financial involvement and/or any national, regional or private support it may have obtained.

Acceptance of an application by the Agency does not constitute an undertaking to award a grant equal to the amount requested by the beneficiary. Furthermore, under no circumstances may the amount awarded exceed the amount requested.

The award of a grant does not establish an entitlement for subsequent years.

9.1 **Contractual provisions and payment procedures**

In the event of definitive approval by the Agency, a grant decision or a grant agreement, drawn up in euro and detailing the conditions and level of funding will be sent to the beneficiary.

In case of beneficiaries established outside the European Union: the 2 copies of the original grant agreement must be signed by the beneficiary and returned to the Agency immediately. The Agency will sign it last.

In case of beneficiaries established within the European Union Member States: the grant decision must not be returned to the Agency. The general conditions applicable to the decision are available in the 'Documents register' of the Agency website (Calls for proposals II.a) [http://eacea.ec.europa.eu/about/documents/calls_gen_conditions/2a_action_nocountribution_en.pdf](http://eacea.ec.europa.eu/about/documents/calls_gen_conditions/2a_action_nocountribution_en.pdf).

As regards grant decisions, beneficiaries understand that:
Submission of a grant application implies acceptance of these General Conditions. These General Conditions bind the beneficiary to whom the grant is awarded and shall constitute an annex to the grant decision.

A pre-financing payment of 70% will be transferred to the beneficiary within 30 days:
- of notification of the grant decisions,
- of the date when the last of the two parties signs the agreement (for grant agreements) and all the possible guarantees are received.

Pre-financing is intended to provide the beneficiary with a float.

---

4 All MEDIA countries with the exception of France, Germany, Italy, Spain and the United Kingdom.

5 Young audience is intended up to 16 years old.
The Agency will establish the amount of the final payment to be made to the beneficiary on the basis of the final report. If the eligible costs actually incurred by the applicant during the action are lower than anticipated, the Agency will apply its rate of funding to the actual costs, and the beneficiary will, where applicable, be required to repay any excess amounts already transferred by the Agency under the pre-financing payment.

9.2 Guarantee

In the event that the applicant's financial capacity is not satisfactory, a pre-financing guarantee for up to the same amount as the pre-financing may be requested in order to limit the financial risks linked to the pre-financing payment.

The financial guarantee, in euro, shall be provided by an approved bank or financial institution established in one of the Member State of the European Union. When the beneficiary is established in a third country, the authorising officer responsible may agree that a bank or financial institution established in that third country may provide the guarantee if he considers that the bank or financial institution offers equivalent security and characteristics as those offered by a bank or financial institution established in a Member State. Amounts blocked in bank accounts shall not be accepted as financial guarantees.

The guarantee may be replaced by a joint and several guarantees by a third party or by a joint guarantee of the beneficiaries of an action who are parties to the same grant agreement.

The guarantee shall be released as the pre-financing is gradually cleared against interim payments or payments of balances to the beneficiary, in accordance with the conditions laid down in the grant agreement.

9.3 Double financing

Applicants may receive only one grant for action for the same application from the budget of the European Union.

To ensure this, they must give details in their application form of any other grant requests which they have submitted or intend to submit to the European Institutions stating in each case, the budgetary year, the budget heading, the European Union programme and the amount requested.

9.4 Funding method

9.4.1 Lump sum grant: Not applicable

9.4.2 Budget-based financing

✓ General provisions

Budget-based grants are calculated on the basis of a detailed estimated budget. The budget attached to the application form must be complete and in balance, i.e. total estimated expenditure must equal total revenue, including the Agency grant application. The budget must indicate clearly the costs that are eligible for EU funding. The EU grant is limited to a maximum co-financing rate of 50% of eligible costs.

The budget must be drawn up in euros. Applicants not based in the euro zone must use the exchange rate published in the Official Journal of the European Union on the date of the publication of this call for proposals. This exchange rate is available from the Creative Europe Desks and from the web site of the European Commission at http://ec.europa.eu/budget/inforeuro).

Part of the total estimated eligible expenses must be financed from sources other than the Union grant. Applicants must indicate the sources and amounts of any other funding received or applied for in the same financial year for the implementation of the project or work programme concerned.
The allocated amount may not exceed the amount requested.

EU grants may not have the purpose or effect of producing a profit within the framework of the action of the beneficiary. **Profit shall be defined as a surplus of receipts over the eligible costs incurred by the beneficiary, when the request is made for payment of the balance.** In this respect, where a profit is made, the Agency shall be entitled to recover a percentage of the profit corresponding to the Union contribution to the eligible costs actually incurred by the beneficiary to carry out the action.6

 ✓ Eligible costs

Eligible costs of the action are costs actually incurred by the beneficiary, which meet the following criteria:

- they are incurred during the duration of the action as specified in the grant agreement, with the exception of costs relating to final reports and certificates on the action/work programme’s financial statements and underlying accounts.

  The period of eligibility of costs will start on the date of submission of the application. Under no circumstances can the eligibility period start before the date of submission of the grant application. Only the costs related to the acquisition of author rights is eligible retroactively for a period of 12 months preceding the date of submission.

- they are connected with the subject of the agreement and they are indicated in the estimated overall budget of the action/work programme;

- they are necessary for the implementation of the action/work programme which is the subject of the grant;

- they are identifiable and verifiable, in particular being recorded in the accounting records of the beneficiary and determined according to the applicable accounting standards of the country where the beneficiary is established and according to the usual cost-accounting practices of the beneficiary;

- they comply with the requirements of applicable tax and social legislation;

- they are reasonable, justified, and comply with the requirements of sound financial management, in particular regarding economy and efficiency.

The beneficiary's internal accounting and auditing procedures must permit direct reconciliation of the costs and revenue declared in respect of the action/project with the corresponding accounting statements and supporting documents.

**Eligible direct costs:**

The eligible direct costs for the action are those costs which, with due regard for the conditions of eligibility set out above, are identifiable as specific costs directly linked to the performance of the action and which can therefore be booked to it directly. In particular, the following direct costs are eligible, provided that they satisfy the criteria set out in the previous paragraph:

- writing and storyboarding;
- creation of content;
- definition of the initial visual concepts (characters, backgrounds…) and sounds;
- realisation of a demo or the realisation of a playable prototype game before the signing of any production contract with a publisher;
- acquisition of rights;
- preparation of a business plan and a financing plan;

---

6 This provision does not apply for grants which are lower than or equal to €60 000.
- preparation of the provisional production budget;
- search for and identification of industry partners, financiers and co-producers;
- preparation of the production schedule up to delivery;
- initial marketing and sales plans (target markets and buyers, foreseen releases, presentation at festivals and markets, etc.);
- non deductible VAT unless it is related to activities of the public authorities in the Member States.

**Eligible indirect costs (administrative costs):**

- a flat-rate amount, not exceeding 7% of the eligible direct costs of the action, is eligible under indirect costs, representing the beneficiary's general administrative costs which can be regarded as chargeable to the action.

Indirect costs may not include costs entered under another budget heading.

Applicants’s attention is drawn to the fact that in the case of organisations receiving an operating grant, indirect costs are no longer eligible under specific actions.

✓ **Ineligible costs**

The following costs shall not be considered eligible:

- return on capital,
- debt and debt service charges,
- provisions for losses or debts,
- interest owed,
- doubtful debts,
- exchange losses,
- costs of transfer from the Agency charged by the bank of the beneficiary,
- costs declared by the beneficiary and covered by another action receiving a European Union grant,
- contributions in kind,
- excessive or reckless expenditure,
- production costs.

✓ **Calculation of the final award**

The Agency will establish the final amount of the grant on the basis of the following documents:

- a final report providing details of the implementation and results of the action;
- the final financial statement of costs actually incurred.

The beneficiary is required to submit, in support of the final payment, a “Report of Factual Findings on the Final Financial Report - Type I” produced by an approved auditor or in case of public bodies, by a competent and independent public officer.

The procedure and the format to be followed by an approved auditor or in case of public bodies, by a competent and independent public officer, are detailed in the following “Guidance Notes”:

The use of the report format set by the “Guidance Notes” is compulsory.

The calculation of the final grant amount by the Agency is based on a detailed final financial statement of the beneficiary, accompanied by supporting documentation for the incurred expenditure. If the eligible costs actually incurred by the beneficiary are lower than anticipated, the Agency will apply the rate of co-financing stated in the grant agreement to the expenditure actually incurred. The Agency
also reserves the right to reduce the amount of the grant if the organisation has not fully implemented the agreed project/work programme.

Where applicable, the beneficiary will be required to reimburse any excess amounts paid by the Agency in the form of pre-financing.

10. **SUB-CONTRACTING AND AWARD OF PROCUREMENT CONTRACT**

Where the implementation of the action or the work programme requires the award of procurement contracts (implementation contracts), the beneficiary must award the contract to the bid offering best value for money or the lowest price (as appropriate), avoiding conflicts of interests and retain the documentation for the event of an audit.

Sub-contracting, i.e. the externalisation of specific tasks or activities which form part of the action/work programme as described in the proposal and which cannot be performed by the beneficiary itself must satisfy the conditions applicable to any implementation contract (as specified above) and in addition to them the following conditions:

- it may only cover the implementation of a limited part of the action;
- it must be justified having regard to the nature of the action and what is necessary for its implementation;
- it must be clearly stated in the proposal or prior written authorisation from the Agency must be obtained.

11. **PUBLICITY, COMMUNICATION AND DISSEMINATION**

11.1 **Publicity**

All grants awarded in the course of a financial year must be published on the Internet site of the European Union institutions during the first half of the year following the closure of the budget year in respect of which they were awarded. The information may also be published using any other appropriate medium, including the Official Journal of the European Union.

The beneficiary authorises the Agency to publish the following information in any form and medium, including via the Internet:

- the beneficiary's name and locality,
- the amount awarded,
- the nature and purpose of the grant.

Upon a reasoned and duly substantiated request by the beneficiary, the Agency may agree to forgo such publicity, if disclosure of the information indicated above would threaten the safety of the beneficiaries or harm their business interests.

Beneficiaries must clearly acknowledge the European Union's contribution in all publications or in conjunction with activities for which the grant is used. The name and logo of the programme must appear on all publications, posters, programmes and other products created in relation to the co-financed action.

The logo of the Creative Europe Programme can be downloaded from the following address: [http://ec.europa.eu/dgs/education_culture/promo/creative-europe/eps/eps.zip](http://ec.europa.eu/dgs/education_culture/promo/creative-europe/eps/eps.zip)

11.2 **Communication and dissemination**

To maximise impact, projects should have a clear and strong strategy for communication and dissemination of their activities and results, and applicants must provide enough time and resources to communicate and interact appropriately with peers, audiences and local communities as appropriate.
The Commission together with the Agency may identify good practices and prepare relevant dissemination materials to be shared within and across all participating countries and beyond. Data and results from projects will be made freely available to be used by stakeholders, policy makers and others in a wide range of ways. Beneficiaries may be required to attend and to participate in events organised by the European Commission or the Agency to share their experience with other participants and/or policy makers.

12. DATA PROTECTION

All personal data (such as names, addresses, CVs, etc.) will be processed in accordance with Regulation (EC) No 45/2001 of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the European Union institutions and bodies and on the free movement of such data.

Unless marked as optional, the applicant's replies to the questions in the application form are necessary to evaluate and further process the grant application in accordance with the specifications of the call for proposals. Personal data will be processed solely for that purpose by the department or Unit responsible for the Union grant programme concerned (entity acting as data controller). Personal data may be transferred on a need to know basis to third parties involved in the evaluation of applications or in the grant management procedure, without prejudice of transfer to the bodies in charge of monitoring and inspection tasks in accordance with European Union law. The applicant has the right of access to, and to rectify, the data concerning him or her. For any question relating to these data, please contact the Controller. Applicants have the right of recourse to the European Data Protection Supervisor at any time. A detailed Privacy statement, including contact information, is available on Agency's website: http://eacea.ec.europa.eu/about/documents/calls_gen_conditions/eacea_grants_privacy_statement.pdf

Applicants and, if they are legal entities, persons who have powers of representation, decision-making or control over them, are informed that, should they be in one of the situations mentioned in:

their personal details (name, given name if natural person, address, legal form and name and given name of the persons with powers of representation, decision-making or control, if legal person) may be registered in the EWS only or both in the EWS and CED, and communicated to the persons and entities listed in the above-mentioned Decision and Regulation, in relation to the award or the execution of a procurement contract or a grant agreement or decision.

13.2 Registration in the Participant Portal

Before submitting an electronic application, applicants will have to register their organisation in the Education, Audiovisual, Culture, Citizenship and Volunteering Participant Portal and receive a Participant Identification Code (PIC). The PIC will be requested in the application form.

The Participant Portal is the tool through which all legal and financial information related to organisations will be managed. Information on how to register can be found in the portal under the following address: [http://ec.europa.eu/education/participants/portal](http://ec.europa.eu/education/participants/portal)

The tool also allows applicants to upload different documents related to their organisation. These documents have to be uploaded once and will not be requested again for subsequent applications by the same organisation.

Details on the supporting document that need to be uploaded in the portal can be found on the following link: [http://ec.europa.eu/culture/media/fundings/creative-europe/call_11_en.htm](http://ec.europa.eu/culture/media/fundings/creative-europe/call_11_en.htm)

13.3 Submission of the grant application

An online application system has been set up. Grant applications must be drawn up in one of the official EU languages, using the online form (eForm) specifically designed for this purpose. To facilitate the assessment of the application, an English or French translation of the documents relevant to the assessment of the project(s) may be submitted.

The eForm can be obtained on the Internet at the following address: [https://eacea.ec.europa.eu/PPMT/](https://eacea.ec.europa.eu/PPMT/)

Proposals must be submitted by the deadline mentioned in the call for proposals and in Section "3. Timetable" of the present Guidelines before 12:00 CET/CEST (Midday, Brussels time), using the online application form.

Please note that no other method of submission of an application will be accepted. Applications submitted in any other way will be automatically rejected. No exceptions will be made.

Make sure that you have officially submitted your electronic application form and that you have received an e-mail acknowledging receipt of your submission with a project reference number.

Applicants shall ensure that all the documents requested and mentioned in the eForms are provided electronically.

No changes to the dossier can be made after the deadline for the submission of applications. However, if there is a need to clarify certain aspects, the Agency may contact the applicant for this purpose.

Only applications that fulfil the eligibility criteria will be considered for a grant. If an application is deemed ineligible, a letter indicating the reasons will be sent to the applicant.

13.4 Evaluation procedure

The eligible proposals will be ranked according to the award criteria defined and weighted in section 8 of the present Guidelines. Within the limit of the available budget, actions obtaining the highest scores will be selected.

The assessment is made solely on the basis of the documents sent by the relevant deadline. Nevertheless, the Agency reserves the right to request additional information from the applicant.
13.5 Award decision

Only after completion of the procedure mentioned above, is the selection process finalised and the award decision adopted by the Agency.

Applicants will be informed of the results of the selection within two weeks of the date of adoption of the award decision.

Unsuccessful applicants will receive a letter stating the reasons why their application was not selected.

Once applicants are informed the list of selected proposals will be published on the websites of the Commission/Agency: http://eacea.ec.europa.eu/creative-europe/selection-results_en
