GUIDELINES – EACEA 23/2016

Support for TV Programming of European Audiovisual works

1. INTRODUCTION – BACKGROUND

These guidelines are based on Regulation No 1295/2013 of the European Parliament and of the Council of 11/12/2013 concerning the implementation of a programme of support for the European cultural and creative sector (CREATIVE EUROPE) and the corrigendum of the 27/06/2014.¹

The European Commission is responsible for the implementation of the Creative Europe Programme and for the decision to grant individual European Union funds. The Education, Audiovisual and Culture Executive Agency hereafter "the Agency" manages the Culture and MEDIA Sub-programme on behalf and under the supervision of the European Commission.

General background information about the Creative Europe programme can be found on the following link: <http://ec.europa.eu/creative-europe/>

2. OBJECTIVES – THEMES – PRIORITIES

2.1. Objectives

Within the specific objective of reinforcing the European audiovisual sector's capacity to operate transnationally and internationally, one of the priorities of the MEDIA Sub-programme shall be to:

- increase the capacity of audiovisual operators to develop European audiovisual works with a potential to circulate in the EU and beyond and to facilitate European and international co-production, including with television broadcasters.

The MEDIA Sub-programme shall provide support for the following measures:

- the development of European audiovisual works, in particular films and television works such as fiction, documentaries, children's and animated films, as well as interactive works such as videogames and multimedia with enhanced cross-border circulation potential;
- activities aiming at supporting European audiovisual production companies, in particular independent production companies, with a view to facilitating European and international co-productions of audiovisual works including television works.

Under this Support scheme, the applicant submits a project intended primarily for television programming in the following categories: animation, creative documentary and drama.

2.2. Targeted projects

¹ Regulation No 1295/2013 published in the Official Journal of the European Union on the 20/12/2013 (OJ L347/221) and 27/06/2014 (OJ L189/260).

The MEDIA Sub-programme supports European production companies interested in producing a television work presenting:

- high creative/artistic value and wide cross-border exploitation potential able to reach audiences at European and international level;

This amount is subject to the availability of the funds after the adoption of the budget for 2017 by the budgetary authority.

For drama and animation works the financial contribution awarded may not exceed EUR 500.000 or 12.50% of the total eligible costs, whichever is the lower.

Only for first seasons of Drama Series (co-produced by production companies from different countries participating in the MEDIA sub-programme, consisting of at least 6 episodes and with a total eligible production budget of minimum 10M€), an amount of maximum of EUR 1M or 10% of total eligible costs, whichever is the lower, can be requested.

For creative documentary, the financial contribution awarded may not exceed EUR 300.000 or 20% of the total eligible costs whichever is the lower.

The Agency reserves the right not to distribute all the funds available.

5. ADMISSIBILITY REQUIREMENTS

Applications shall comply with the following requirements:

- they must be received no later than the deadlines for submitting applications referred to in section 3 of the present guidelines;
- they must be submitted in writing (see section 14 of the present guidelines), using the online application form;
- they must be drafted in one of the EU official languages, preferably in English or French.

The application form must be accompanied by a balanced budget and all the other documents referred to in the application form.

Failure to comply with those requirements will lead to the rejection of the application.

In order to submit an application, applicants and partners must provide their Participant Identification Code (PIC) in the application form. The PIC can be obtained by registering the organisation in the Unique Registration Facility (URF) hosted in the Education, Audiovisual, Culture, Citizenship and Volunteering Participant Portal. The Unique Registration Facility is a tool shared by other services of the European Commission. If an applicant or partner already has a PIC that has been used for other programmes (for example the Research programmes), the same PIC is valid for the present call for proposals.

The Participant Portal allows applicants and partners to upload or update the information related to their legal status and attach the requested legal and financial documents (see section 14.2 for more information).

6. ELIGIBILITY CRITERIA

Applications which comply with the following criteria will be subject of an in-depth evaluation.

6.1. Eligible applicants

This scheme is open to independent audiovisual production companies registered in one of the countries participating in the MEDIA Sub-programme (see below) and owned, directly or by majority participation, by nationals from such countries.

Applications from legal entities established in one of the following countries are eligible as long as all conditions referred to in Article 8 of the Regulation establishing the Creative Europe Programme are met:

- EU Member States and overseas countries and territories which are eligible to participate in the Programme pursuant to Article 58 of Council Decision 2001/822/EC;

- Accessing countries, candidate countries and potential candidates benefiting from a pre- accession strategy, in accordance with the general principles and general terms and conditions for the participation of those countries in Union programmes established in the respective Framework Agreements, Association Council Decisions or similar agreements;
- EFTA countries which are members of the EEA, in accordance with the provisions of the EEA Agreement;
- The Swiss Confederation, on the basis of a bilateral agreement to be concluded with that country;
- Countries covered by the European Neighbourhood Policy in accordance with the procedures established with those countries following the framework agreements providing for their participation in Union programmes.

The Programme shall also be open for bilateral or multilateral cooperation actions targeted at selected countries or regions on the basis of additional appropriations paid by, and specific arrangements to be agreed upon with, those countries or regions.

The Programme shall permit cooperation and joint actions with countries not participating in the Programme and with international organisations which are active in the cultural and creative sectors such as UNESCO, the Council of Europe, the Organisation for Economic Co-operation and Development or the World Intellectual Property Organisation on the basis of joint contributions for the realisation of the Programme's objectives.

Proposals from applicants in non EU countries may be selected, provided that, on the date of the award decision, agreements have been signed setting out the arrangements for the participation of those countries in the programme established by the Regulation referred to above.

(Updated list of countries that fulfil the conditions referred to in Article 8 of the Regulation and that the Commission has started negotiations with can be found on the following link:

http://eacea.ec.europa.eu/creative-europe/library/eligibility-organisations-non-eu-countries_en)

Applicants shall be independent European audiovisual production companies.

A **European company** is a company owned, whether directly or by majority participation (i.e. majority of shares), by nationals of Member States of the European Union or nationals of the other European countries participating in the MEDIA Sub-programme and registered in one of these countries.

An **independent company** is a company which does not have majority control by a television broadcaster, either in shareholding or commercial terms. Majority control is considered to occur when more than 25% of the share capital of a production company is held by a single broadcaster (50% when several broadcasters are involved).

An **audiovisual production company** is a company whose main objective and activity is audiovisual production.

The applicant must be the majority producer of the work, in terms of rights. In case of a 50%-50% co-production, the applicant should be designated by the partners as delegate producer.

Natural persons may **not** apply for a grant.

6.2 Eligible activities

Only the activities for the following projects are eligible:

Drama films (one-off or series) of a total duration of minimum 90 minutes intended primarily for the purposes of television exploitation. Sequels or second and third seasons of an existing drama series are eligible.

Animation (one-off or series) of a total duration of minimum 24 minutes intended primarily for the purposes of television exploitation. Sequels or second, third and further seasons of an existing animation series are not eligible.

Creative documentaries (one-off or series) of a total duration of minimum 50 minutes intended primarily for the purposes of television exploitation. Sequels second, third and further seasons of an existing documentary series are not eligible.

Works which are designed to be a series with a joint marketing strategy have to be submitted as a series. Single episodes of a series cannot be split into separate applications.

In order to qualify for a grant of EUR 1.000.000 the project must meet the following criteria:

- the work must be the first season of drama series consisting of at least 6 episodes, each of a minimum length of 45 minutes,
- the total eligible production budget must be at least EUR 10.000.000
- the series must be co-produced between two production companies from different countries participating in the MEDIA Sub-programme.

The application must be submitted at the latest on the first day of principal photography (or start of animation for animation projects). No grant may be awarded retrospectively for actions already completed.

The work must be produced with the significant participation of professionals who are nationals and/or residents of countries participating in the MEDIA Sub-programme. ‘Significant participation’ is defined as having more than 50% of the points on the basis of the tables below:

Drama / Documentary	Points	Animation	Points
Director	3	Director	3

The audiovisual work proposed must involve the participation of at least three broadcasting companies from three countries participating in the MEDIA Sub-programme.

Within the meaning of these Guidelines, a “broadcasting company” is considered any broadcaster (linear audiovisual media service provider) or on-demand audiovisual media service (non linear audiovisual media service provider) as defined in Article 1(1) of the Audiovisual Media Service Directive (DIR 2010/13/EU).

The exploitation rights licensed to the broadcasting companies participating in the production have to revert to the producer after a maximum license period of:

- 7 years if the broadcaster's participation takes the form of a pre-sale;
- 10 years if the broadcaster's participation also takes the form of a co-production. In this case, the contract between the producer and the broadcaster must clearly specify the price and licence term for the pre-sale of the exploitation rights and the conditions for the co-production. A co-production between a broadcaster and a TV producer is accepted only if the broadcaster takes a significant financial risk in the production and is involved in the organisation and economic handling of the production. **In any case, the broadcaster cannot be the majority co-producer of the work and its contribution cannot exceed 70% of the total financing of the production.**

The broadcasters' involvement must be supported by contracts or recent signed binding letters of commitment. These contracts or letters of commitment must clearly specify the licence price and term.

Minimum 50% of the financing of the total estimated production budget must be guaranteed from third party sources (either through direct financing or by advance rights sales). Third party sources of finance must be proven by recent signed binding letters of commitment, mentioning the action title, the exact amount of the financial contribution, the nature of the rights sold and the licence period. Contributions from broadcasters, distributors, funds, equity investors or co-producers are considered as third party sources of financing. Tax shelter might be accepted as third party source of finance if confirmed by documents from the competent bodies. The producer's own investment and the requested MEDIA grant are not considered as a third party source of finance.

If the action is co-produced by several production companies, a co-production contract (or deal-memo) indicating the share of financing, share of rights, share of costs and share of revenues, has to be submitted with the application. Simple letters indicating a co-producer's financial contribution without further details concerning the co-production deal, will not be taken into consideration.

A minimum of 50% of the total estimated production budget must come from countries participating in the MEDIA sub-programme (6.1. above).

The maximum duration of projects is 30 months (or 42 months for series of more than 2 episodes).

However, if after the signing of the agreement and the start of the project it becomes impossible for the beneficiary, for fully justified reasons beyond its control, to complete the project within the scheduled period, an extension to the eligibility period may be granted. A maximum extension of 6 additional months will be granted, if requested before the deadline specified in the agreement. The maximum duration will then be 36 months (or 48 months for series of more than 2 episodes).

The following projects are ineligible:

- live recordings, TV games, talk shows, cooking shows, magazines, tv-shows, reality-shows, school and “how-to” programmes;
- documentaries promoting tourism, "making-of", reports, wild-life reportages, news programmes and "docu-soaps";
- projects including pornographic or racist material or advocating violence;
- works of a promotional nature;
- institutional productions to promote a specific organisation or its activities;
- projects that are fully financed and/or already financed by Eurimages;
- productions originally intended as cinema works (e.g. several theatrical distributors and/or an international cinema sales agent involved).

Theatrical release for drama and animation films is accepted for works originating from all countries (with the exception of France, Germany, Italy, Spain and United Kingdom) providing that it takes place after an initial TV transmission. For documentaries, a theatrical release is allowed prior to an

initial TV transmission, regardless of the territory from which the work originates and the territory in which it will be released, subject to the condition that the production must have been intended primarily for the television market.

Only applications that fulfil the eligibility criteria will be considered for a grant. If an application is deemed ineligible, a letter indicating the reasons will be sent to the applicant.

Where a financial penalty has been imposed, the publication shall also indicate whether that penalty has been paid.

The decision to publish the information is taken by the Agency either following the relevant final judgment, final administrative decision or preliminary classification in law, as the case may be. That decision shall take effect three months after its notification to the economic operator.

The information published shall be removed as soon as the exclusion has come to an end. In the case of a financial penalty, the publication shall be removed six months after payment of that penalty. This agreement may be a mono-beneficiary (for single applicants) or a multi-beneficiary agreement (in the event of a partnership) to be concluded with the project coordinator.

The 2 copies of the original agreement must be signed first by the beneficiary on behalf of the consortium and returned to the Agency immediately. The Agency will sign them last.

Please note that the award of a grant does not establish an entitlement for subsequent years.

⁵ Young audience is intended up to 16 years old.

⁶ All MEDIA countries with the exception of France, Germany, Italy, Spain and the United Kingdom.

11. FINANCIAL PROVISIONS

11.1. General Principles

a) Non-cumulative award

An action may only receive one grant from the EU budget.

In no circumstances shall the same costs be financed twice by the European Union budget. To ensure this, applicants shall indicate in the application form the sources and amounts of European Union funding received or applied for the same action or part of the action or for its functioning during the same financial year as well as any other funding received or applied for the same action.

b) Non-retroactivity

No grant may be awarded retrospectively for actions already completed.

c) Co-financing

Co-financing means that the resources which are necessary to carry out the action may not be entirely provided by the EU grant.

Co-financing of the action may take the form of:

- the beneficiary's own resources,
- income generated by the action,
- financial contributions from third parties.

d) Balanced budget

The estimated budget of the action is to be attached to the application form. It must have revenue and expenditure in balance.

The budget must be drawn up in euros.

Applicants which foresee that costs will not be incurred in euros shall use the exchange rate published on the Infor-euro website available at:

http://ec.europa.eu/budget/contracts_grants/info_contracts/inforeuro/inforeuro_en.cfm on the date of the publication of this call for proposals.

e) Implementation contracts/subcontracting

Where the implementation of the action requires the award of procurement contracts (implementation contracts), the beneficiary must award the contract to the bid offering best value for money or the lowest price (as appropriate), avoiding conflicts of interests and retain the documentation for the event of an audit.

Entities acting in their capacity of contracting authorities in the meaning of Directive 2004/18/EC or contracting entities in the meaning of Directive 2004/17/EC shall abide by the applicable national public procurement rules.

Sub-contracting, i.e. the externalisation of specific tasks or activities which form part of the action as described in the proposal and which cannot be performed by the beneficiary itself must satisfy the conditions applicable to any implementation contract (as specified above) and in addition to them the following conditions:

- it may only cover the implementation of a limited part of the action;

- it must be justified having regard to the nature of the action and what is necessary for its implementation;
- it must be clearly stated in the proposal or prior written authorisation from the Agency must be obtained.

f) Financial support to third parties

The applications may not envisage provision of financial support to third parties

11.2. Funding forms

The grants financed through reimbursement of eligible costs in combination with flat rate covering overheads are calculated on the basis of a detailed estimated budget, indicating clearly the costs that are eligible for EU funding.

➤ **Maximum amount requested**

The EU grant is limited to a maximum co-financing rate of:

- 12.50% of the total eligible costs or EUR 500.000, whichever is the lower, for drama and animation works;
- 10% of the eligible costs or EUR 1.000.000, whichever is the lower for high budget co-produced TV drama series (see section 6.2);
- 20% of the total eligible costs or EUR 300.000, whichever is the lower, for documentaries.

Consequently, part of the total eligible expenses entered in the estimated budget must be financed from sources other than the Union grant.

The grant amount may neither exceed the eligible costs nor the amount requested. Amounts are indicated in euros.

Acceptance of an application by the Executive Agency does not constitute an undertaking to award a grant equal to the amount requested by the beneficiary.

➤ **Eligible costs**

Eligible costs are costs actually incurred by the beneficiary of a grant which meet the following criteria:

- they are incurred during the duration of the action as specified in the grant agreement, with the exception of costs relating to final reports and certificates.

The period of eligibility of costs will start 6 months before the date of submission of the application and end 24 months (or 36 months in case of series of more than 2 episodes) after that date.

- they are indicated in the estimated overall budget of the action;
- they are incurred in connexion with the action which is the subject of the grant and are necessary for the implementation of the action;

- they are identifiable and verifiable, in particular being recorded in the accounting records of the beneficiary and determined according to the applicable accounting standards of the country where the beneficiary is established and according to the usual cost-accounting practices of the beneficiary;
- they comply with the requirements of applicable tax and social legislation;
- they are reasonable, justified, and comply with the requirements of sound financial management, in particular regarding economy and efficiency.

The beneficiary's internal accounting and auditing procedures must permit direct reconciliation of the costs and revenues declared in respect of the action with the corresponding accounting statements and supporting documents.

The applicant company has to indicate in the application form if in the framework of a co-production contract, costs linked to the action are incurred and/or invoiced to a co-producer and if these costs have to be included in the eligible budget. In this case, the information about the co-producer will have to be submitted by adding the co-producer's PIC in the application form and in case of selection the co-producer will be part of the agreement as a co-beneficiary. Only European independent production companies (see section 6.1) may be co-beneficiaries and therefore bring eligible costs to the action.

Eligible direct costs:

The eligible direct costs for the action are those costs which, **with due regard for the conditions of eligibility set out above**, are identifiable as specific costs directly linked to the performance of the action and which can therefore be booked to it directly, such as:

- the cost of personnel working under an employment contract with the applicant or equivalent appointing act and assigned to the action, comprising actual salaries plus social security contributions and other statutory costs included in their remuneration, provided that these costs are in line with the applicant's usual policy **or, where applicable, its partners. NB: these costs must be actual costs incurred by the beneficiary or the co-beneficiary. Staff costs of other organisations are eligible only if they are paid directly or reimbursed by the beneficiary.** These costs may include additional remuneration, including payments on the basis of supplementary contracts regardless of their nature, provided that it is paid in a consistent manner whenever the same kind of work or expertise is required and independently from the source of funding used;
- subsistence allowances (for meetings, including kick-off meetings where applicable, European conferences, etc.) provided that these costs are in line with the beneficiary's usual practices and that they do not exceed the scales approved annually by the Commission;
- costs of travel (for meetings, including kick-off meetings where applicable, European conferences, etc.), provided that they are in line with the beneficiary's usual practices on travel, and that they do not exceed the scales approved annually by the Commission;
- depreciation cost of equipment (new or second-hand), only the portion of the equipment's depreciation corresponding to the duration of the action and the rate of actual use for the purposes of the action may be taken into account by the Agency, **except where the nature and/or the context of its use justifies different treatment by the Agency;**
- costs of consumables and supplies, provided that they are identifiable and assigned to the action;
- costs entailed by other contracts awarded by the beneficiary or its partners for the purposes of carrying out the action, provided that the conditions laid down in the grant agreement are met;
- costs arising directly from requirements linked to the performance of the action (dissemination of information, specific evaluation of the action, translations, reproduction, etc.),
- costs relating to a pre-financing guarantee lodged by the beneficiary of the grant, where required;

- costs relating to external audits where required in support of the requests for payments;
- non-deductible value added tax ("VAT") for all activities which are not activities of the public authorities in the Member States

Eligible indirect costs (overheads)

- a flat-rate amount, equal to 7% of the eligible direct costs of the action, is eligible under indirect costs, representing the beneficiary's general administrative costs which can be regarded as chargeable to the action.

Indirect costs may not include costs entered under another budget heading.

Applicants's attention is drawn to the fact that in the case of organisations receiving an operating grant, indirect costs are no longer eligible under specific actions.

➤ **Ineligible costs**

The following costs shall not be considered eligible:

- return on capital;
- debt and debt service charges;
- provisions for losses or debts;
- interest owed;
- doubtful debts;
- exchange losses;
- costs of transfer from the Agency charged by the bank of the beneficiary;
- costs declared by the beneficiary and covered by another action receiving a European Union grant. In particular, indirect costs shall not be eligible under a grant for an action awarded to the beneficiary who already receives an operating grant financed from the Union budget during the period in question;
- excessive or reckless expenditure
- expenditure of partners from countries not participating in the programme or not being co-beneficiaries of the agreement.

Applicants are invited to pay particular attention to the following ineligible costs, which must not figure on the eligible cost column of the budget:

- Costs incurred before the start of the eligibility period;
- Development costs that have been co financed by MEDIA Development (The total development budget presented to MEDIA Development is ineligible);
- Costs incurred by a co-producer who will not be a co-beneficiary of an agreement in case of selection;
- Indirect producers' fees and contingencies;
- Contributions in kind (such as professional/industry credits and deferred salaries). Production services offered by the broadcasters are not considered as being in kind.

➤ Calculation of the final grant amount – Supporting documents

The final amount of the grant to be awarded to the beneficiary is established after completion of the action, upon approval of the request for payment containing the following documents:

- a final report providing details of the implementation and results of the action;
- the final financial statement of costs actually incurred.

Option 1:

In case of Grants for an action of less than EUR 750.000, the beneficiary is required to submit, in support of the final payment, a “Report of Factual Findings on the Final Financial Report - Type I” produced by an approved auditor or in case of public bodies, by a competent and independent public officer.

The procedure and the format to be followed by an approved auditor or in case of public bodies, by a competent and independent public officer, are detailed in the following “Guidance Notes”:

http://eacea.ec.europa.eu/about-eacea/document-register_en#audit

The use of the report format set by the “Guidance Notes” is compulsory.

Option 2:

In case of Grants for an action of EUR 750.000 or more, when the cumulative amounts of request for payment is at least EUR 325.000, the beneficiary is required to submit, in support of the final payment, a “Report of Factual Findings on the Final Financial Report - Type II” produced by an approved auditor or in case of public bodies, by a competent and independent public officer. The certificate shall certify, in accordance with a methodology approved by the Agency, that the costs declared by the beneficiary in the financial statements on which the request for payment is based are real, accurately recorded and eligible in accordance with the grant agreement.

The procedure and the format to be followed by an approved auditor or in case of public bodies, by a competent and independent public officer, are detailed in the following “Guidance Notes”:

http://eacea.ec.europa.eu/about-eacea/document-register_en#audit

The use of the report format set by the “Guidance Notes” is compulsory.

If the eligible costs actually incurred by the beneficiary are lower than anticipated, the Agency will apply the rate of co-financing stated in the grant agreement to the expenditure actually incurred.

In the event of non-execution or clearly inadequate execution of an activity planned in the application attached to the funding agreement, the final grant will be reduced accordingly.

Non-profit rule

EU grants may not have the purpose or effect of producing a profit within the framework of the action of the beneficiary. **Profit shall be defined as a surplus of receipts over the eligible costs incurred by the beneficiary, when the request is made for payment of the balance.** In this respect, where a profit is made, the Agency shall be entitled to recover a percentage of the profit corresponding to the Union contribution to the eligible costs actually incurred by the beneficiary to carry out the action⁷.

⁷ This provision does not apply for grants which are lower than or equal to 60.000€.

11.3. Payment arrangements

If specified in the grant agreement a pre-financing payment corresponding to 60% of the grant amount will be transferred to the beneficiary within 30 days counting from the written confirmation of the start of principal photography/production, provided all requested guarantees have been received.

If specified in the grant agreement an Interim payment shall be paid to the beneficiary. Interim payment is intended to cover the beneficiary's expenditure on the basis of a request for payment when the action has been partly carried out. The interim payment shall not exceed 60% of the grant amount.

The Agency will establish the amount of the final payment to be made to the beneficiary on the basis of the calculation of the final grant amount (see section 11.2 above). If the total of earlier payments is higher than the final grant amount, the beneficiary will be required to reimburse the amount paid in excess by the Agency through a recovery order.

11.4. Pre-financing guarantee

In the event that the applicant's financial capacity is not satisfactory, a pre-financing guarantee for up to the same amount as the pre-financing may be requested in order to limit the financial risks linked to the pre-financing payment.

The financial guarantee, in euro, shall be provided by an approved bank or financial institution established in one of the Member State of the European Union. When the beneficiary is established in a third country, the authorising officer responsible may agree that a bank or financial institution established in that third country may provide the guarantee if he considers that the bank or financial institution offers equivalent security and characteristics as those offered by a bank or financial institution established in a Member State. Amounts blocked in bank accounts shall not be accepted as financial guarantees.

The guarantee may be replaced by a joint and several guarantees by a third party or by a joint guarantee of the beneficiaries of an action who are parties to the same grant agreement.

The guarantee shall be released as the pre-financing is gradually cleared against interim payments or payments of balances to the beneficiary, in accordance with the conditions laid down in the grant agreement.

12. PUBLICITY

12.1. By the beneficiaries

Beneficiaries must clearly acknowledge the European Union's contribution in all publications or in conjunction with activities for which the grant is used.

In this respect, beneficiaries are required to give prominence to the name and logo of the programme on all their publications, posters, programmes and other products realised under the co-financed project.

To do this they must use the text, the logo and the disclaimer available at http://eacea.ec.europa.eu/about/eacea_logos_en.php which will be provided by the Agency.

If this requirement is not fully complied with, the beneficiary's grant may be reduced in accordance with the provisions of the grant agreement.

12.2. By the Agency and/or the Commission

With the exception of scholarships paid to natural persons and other direct support paid to natural persons in most need, all information relating to grants awarded in the course of a financial year shall be published on the Internet site of the European Union institutions no later than the 30 June of the year following the financial year in which the grants were awarded.

The Agency and/or the Commission will publish the following information:

- name of the beneficiary;
- locality of the beneficiary;
- the amount awarded;
- nature and purpose of the grant.

Upon a reasoned and duly substantiated request by the beneficiary, the publication shall be waived if such disclosure risks threatening the rights and freedoms of individuals concerned as protected by the Charter of Fundamental Rights of the European Union or harm the commercial interests of the beneficiaries.

12.3 Communication and dissemination

To maximise impact, projects should have a clear and strong strategy for communication and dissemination of their activities and results, and applicants must provide enough time and resources to communicate and interact appropriately with peers, audiences and local communities as appropriate.

The Commission together with the Agency may identify good practices and prepare relevant dissemination materials to be shared within and across all participating countries and beyond.

Data and results from projects will be made freely available to be used by stakeholders, policy makers and others in a wide range of ways.

Beneficiaries may be required to attend and to participate in events organised by the European Commission or the Agency to share their experience with other participants and/or policy makers.

13. DATA PROTECTION

All personal data (such as names, addresses, CVs, etc.) will be processed in accordance with Regulation (EC) No 45/2001 of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the European Community institutions and bodies and on the free movement of such data.⁸

Unless marked as optional, the applicant's replies to the questions in the application form are necessary to evaluate and further process the grant application in accordance with the specifications of the call for proposals. Personal data will be processed solely for that purpose by the department or Unit responsible for the Union grant programme concerned (entity acting as data controller). Personal data may be transferred on a need to know basis to third parties involved in the evaluation of applications or in the grant management procedure, without prejudice of transfer to the bodies in charge of monitoring and inspection tasks in accordance with European Union law. In particular, for the purposes of safeguarding the financial interests of the Union, personal data may be transferred to internal audit services, to the European Court of Auditors, to the Financial Irregularities Panel or to the European Anti-Fraud Office and between authorising officers of the Commission and the executive
