The MEDIA Sub-programme shall provide support to activities aiming at:

- facilitating European and international co-productions including short films, video games, television series and cross media;
- facilitating access to professional audiovisual trade events and markets and the use of online business tools inside and outside Europe;
- facilitating circulation of European works, including shorts, in Europe and worldwide on all platforms in all formats.

2.2. Targeted projects

The MEDIA Sub-programme encourages Access to Markets actions taking place in and outside countries participating in the MEDIA Sub-programme. - Impact and structuring effects at European/international level including low production capacity countries or regional level (10 points)

**Organisation of the project team (10 points)**

This criterion will take into account for Action 1, Action 2 and Action 3:

- Relevance of the distribution of the roles and responsibilities of the team vis-à-vis the specific objectives of the action (i.e. event organisation/ international expertise/ audiovisual expertise/digital expertise).
  
  In case of multiple applicants: added value and clarity of role of each member of the proposed grouping.

10. **LEGAL COMMITMENTS**

In the event of a grant awarded by the Agency, a grant agreement drawn up in euro and detailing the conditions and level of funding, will be sent to the beneficiary, as well as the procedure in view to formalise the obligations of the parties. This agreement may be a mono-beneficiary (for single applicants) or a multi-beneficiary agreement (in the event of a consortium) to be concluded with the coordinator.

The 2 copies of the original grant agreement must be signed first by the beneficiary (in the event of multiple applicants, by the project coordinator on behalf of the consortium) and returned to the Agency immediately. The Agency will sign them last.

Please note that the award of a grant does not establish an entitlement for subsequent years.

11. **FINANCIAL PROVISIONS**

11.1. **General Principles**

a) **Non-cumulative award**

An action may only receive one grant from the EU budget. In no circumstances shall the same costs be financed twice by the European Union budget. To ensure this, applicants shall indicate in the application form the sources and amounts of European Union funding received or applied for the same action or part of the action or for its functioning during the same financial year as well as any other funding received or applied for the same action.

b) **Non-retroactivity**

No grant may be awarded retrospectively for actions already completed.
A grant may be awarded for an action which has already begun only where the applicant can demonstrate the need to start the action before the grant agreement is signed.

In such cases, costs eligible for financing may not have been incurred prior to 10 months before the start date of the activity.

c) **Co-financing**

Co-financing means that the resources which are necessary to carry out the action may not be entirely provided by the EU grant.

Co-financing of the action may take the form of:

- the beneficiary’s own resources,
- income generated by the action,
- financial contributions from third parties.

d) **Balanced budget**

The estimated budget of the action is to be attached to the application form. It must have revenue and expenditure in balance.

The budget must be drawn up in euros.

Applicants which foresee that costs will not be incurred in euros shall use the exchange rate published on the Infor-euro website available at: [http://ec.europa.eu/budget/contracts_grants/info_contracts/inforeuro/inforeuro_en.cfm](http://ec.europa.eu/budget/contracts_grants/info_contracts/inforeuro/inforeuro_en.cfm) on the date of the publication of this call for proposals.

e) **Implementation contracts/subcontracting**

Where the implementation of the action requires the award of procurement contracts (implementation contracts), the beneficiary must award the contract to the bid offering best value for money or the lowest price (as appropriate), avoiding conflicts of interests and retain the documentation for the event of an audit.

Entities acting in their capacity of contracting authorities in the meaning of Directive 2014/24/EU⁶ or contracting entities in the meaning of Directive 2014/25/EU⁷ shall abide by the applicable national public procurement rules.

Sub-contracting, i.e. the externalisation of specific tasks or activities which form part of the action as described in the proposal and which cannot be performed by the beneficiary itself must satisfy the conditions applicable to any implementation contract (as specified above) and in addition to them the following conditions:

- it may only cover the implementation of a limited part of the action;
- it must be justified having regard to the nature of the action and what is necessary for its implementation;
- it must be clearly stated in the proposal or prior written authorisation from the Agency must be obtained.

---

f) Financial support to third parties

The applications may not envisage provision of financial support to third parties.

11.2 Funding forms

The grants financed through reimbursement of eligible costs in combination with flat rate covering overheads are calculated on the basis of a detailed estimated budget, indicating clearly the costs that are eligible for EU funding.

➢ Maximum amount requested

The EU grant is limited to a maximum co-financing rate of 60% of total eligible costs for those actions taking place in participating countries. In case of activities taking place outside participating countries, the EU grant may go up to a maximum of 80% of total eligible costs.

Consequently, part of the total eligible expenses entered in the estimated budget must be financed from sources other than the European Union grant.

The amount of the own resources indicated in the revenue part of the estimated budget is regarded as secured, and the same amount as a minimum, must be entered in the revenue section of the final account.

The grant amount may neither exceed the eligible costs nor the amount requested. Amounts are indicated in euros.

Acceptance of an application by the Executive Agency does not constitute an undertaking to award a grant equal to the amount requested by the beneficiary.

➢ Eligible costs

Eligible costs are costs actually incurred by the beneficiary of a grant which meet the following criteria:

- they are incurred during the duration of the action as specified in the grant agreement, with the exception of costs relating to final reports and certificates.

The period of eligibility of costs can start up to 10 months before the start date of the activity and can end at the latest 2 months after the end of the activity. The period of eligibility of costs should not exceed 12 months.\(^8\)

- they are indicated in the estimated overall budget of the action;
- they are incurred in connexion with the action which is the subject of the grant and are necessary for the implementation of the action;
- they are identifiable and verifiable, in particular being recorded in the accounting records of the beneficiary and determined according to the applicable accounting standards of the country where the beneficiary is established and according to the usual cost-accounting practices of the beneficiary;
- they comply with the requirements of applicable tax and social legislation;
- they are reasonable, justified, and comply with the requirements of sound financial management, in particular regarding economy and efficiency.

\(^8\) See Section 6.2 for details of any possible extension.
The beneficiary's internal accounting and auditing procedures must permit direct reconciliation of the costs and revenues declared in respect of the action with the corresponding accounting statements and supporting documents.

Eligible direct costs:

The eligible direct costs for the action are those costs which, with due regard for the conditions of eligibility set out above, are identifiable as specific costs directly linked to the performance of the action and which can therefore be booked to it directly, such as:

- the cost of personnel working under an employment contract with the applicant or equivalent appointing act and assigned to the action, comprising actual salaries plus social security contributions and other statutory costs included in their remuneration, provided that these costs are in line with the applicant's usual policy on remuneration policy of the beneficiary or, where applicable, its partners. NB: this cost must be actual cost incurred by the beneficiary, the co-beneficiary, and staff cost of other organisations is eligible only if it is paid directly or reimbursed by the beneficiary. These costs may include additional remuneration, including payments on the basis of supplementary contracts regardless of their nature, provided that it is paid in a consistent manner whenever the same kind of work or expertise is required and independently from the source of funding used. Personnel costs cannot exceed 40% of total eligible costs of the action. The actual number of working days in a year should be supported by time sheets and due evidence (annual salary statements, accounting records, internal rules of the organisation, if any).

- subsistence allowances and costs of travel (for meetings, including kick-off meetings where applicable, European conferences, etc.) provided that these costs are in line with the beneficiary's usual practices and that they do not exceed the scales approved annually by the Commission http://ec.europa.eu/europeaid/sites/devco/files/perdier-rate-20150318.pdf;

- depreciation cost of equipment (new or second-hand), only the portion of the equipment's depreciation corresponding to the duration of the action and the rate of actual use for the purposes of the action may be taken into account by the Agency, except where the nature and/or the context of its use justifies different treatment by the Agency;

- costs of consumables and supplies, provided that they are identifiable and assigned to the action/project;

- costs entailed by other contracts awarded by the beneficiary or its partners for the purposes of carrying out the action/project, provided that the conditions laid down in grant agreement are met;

- costs arising directly from requirements linked to the performance of the action (dissemination of information, specific evaluation of the action, translations, reproduction, etc.).

- costs relating to a pre-financing guarantee lodged by the beneficiary of the grant, where required;

- costs relating to external audits where required in support of the requests for payments;

- non deductible value added tax ("VAT") for all activities which are not activities of the public authorities in the Member States.

Eligible indirect costs (overheads)

- a flat-rate amount, equal to 7% of the eligible direct costs of the action, is eligible under indirect costs, representing the beneficiary's general administrative costs which can be regarded as chargeable to the action.

Indirect costs may not include costs entered under another budget heading.
Applicants’s attention is drawn to the fact that in the case of organisations receiving an operating grant, indirect costs are no longer eligible under specific actions.

➢ **Ineligible costs**

The following costs shall not be considered eligible:

- return on capital;
- debt and debt service charges;
- provisions for losses or debts;
- interest owed;
- doubtful debts;
- exchange losses;
- costs of transfer from the Agency charged by the bank of the beneficiary;
- costs declared by the beneficiary and covered by another action receiving a European Union grant. In particular, indirect costs shall not be eligible under a grant for an action awarded to the beneficiary who already receives an operating grant financed from the European Union budget during the period in question;
- contributions in kind
- excessive or reckless expenditure
- expenditure for partners from countries not participating in the programme or not being co-beneficiaries of the agreement.

➢ **Calculation of the final grant amount – Supporting documents**

The final amount of the grant to be awarded to the beneficiary is established after completion of the action, upon approval of the request for payment containing the following documents:

- a final report providing details of the implementation and results of the action;
- the final financial statement of costs actually incurred.

In case of Grants for an action of less than EUR 750.000, the beneficiary is required to submit, in support of the final payment, a “Report of Factual Findings on the Final Financial Report - Type I” produced by an approved auditor or in case of public bodies, by a competent and independent public officer.

The procedure and the format to be followed by an approved auditor or in case of public bodies, by a competent and independent public officer, are detailed in the following “Guidance Notes”:

The use of the report format set by the “Guidance Notes” is compulsory.

In case of Grants for an action of EUR 750.000 or more, when the cumulative amounts of request for payment is at least EUR 325.000, the beneficiary is required to submit, in support of the final payment, a “Report of Factual Findings on the Final Financial Report - Type II” produced by an approved auditor or in case of public bodies, by a competent and independent public officer. The certificate shall certify, in accordance with a methodology approved by the Agency, that the costs
declared by the beneficiary in the financial statements on which the request for payment is based are real, accurately recorded and eligible in accordance with the grant agreement.

The procedure and the format to be followed by an approved auditor or in case of public bodies, by a competent and independent public officer, are detailed in the following “Guidance Notes”: [http://eacea.ec.europa.eu/about-eacea/document-register_en#audit](http://eacea.ec.europa.eu/about-eacea/document-register_en#audit)

The use of the report format set by the “Guidance Notes” is compulsory.

If the eligible costs actually incurred by the beneficiary are lower than anticipated, the Agency will apply the rate of co-financing stated in the grant agreement to the expenditure actually incurred.

In the event of non-execution or clearly inadequate execution of an activity planned in the application attached to the funding agreement, the final grant will be reduced accordingly.

**Non-profit rule**

EU grants may not have the purpose or effect of producing a profit within the framework of the action of the beneficiary. **Profit shall be defined as a surplus of receipts over the eligible costs incurred by the beneficiary, when the request is made for payment of the balance.** In this respect, where a profit is made, the Agency shall be entitled to recover a percentage of the profit corresponding to the European Union contribution to the eligible costs actually incurred by the beneficiary to carry out the action. This provision does not apply for grants which are lower than or equal to 60,000€.

### 11.3. Payment arrangements

Depending on the financial capacity of the applicants, a pre-financing or an interim payment will be paid according to the modalities described here below:

If specified in the grant agreement, a pre-financing payment corresponding to **70%** of the grant amount will be transferred to the beneficiary within 30 days either of the date when the last of the two parties signs the grant agreement, provided all requested guarantees have been received.

If specified in the grant agreement an Interim payment shall be paid to the beneficiary. Interim payment is intended to cover the beneficiary’s expenditure on the basis of a request for payment when the action has been partly carried out. The interim payment shall not exceed **50%** of the grant amount.

The Agency will establish the amount of the final payment to be made to the beneficiary on the basis of the calculation of the final grant amount (see section 11.2 above). If the total of earlier payments is higher than the final grant amount, the beneficiary will be required to reimburse the amount paid in excess by the Commission through a recovery order.

### 11.4. Pre-financing guarantee

In the event that the applicant's financial capacity is not satisfactory, a pre-financing guarantee for up to the same amount as the pre-financing may be requested in order to limit the financial risks linked to the pre-financing payment.

The financial guarantee, in euro, shall be provided by an approved bank or financial institution established in one of the Member State of the European Union. When the beneficiary is established in a third country, the authorising officer responsible may agree that a bank or financial institution established in that third country may provide the guarantee if he considers that the bank or financial institution offers equivalent security and characteristics as those offered by a bank or financial institution established in a Member State. Amounts blocked in bank accounts shall not be accepted as financial guarantees.
The guarantee shall be released as the pre-financing is gradually cleared against interim payments or payments of balances to the beneficiary, in accordance with the conditions laid down in the grant agreement.

12. PUBLICITY

12.1. By the beneficiaries

Beneficiaries must clearly acknowledge the European Union’s contribution in all publications or in conjunction with activities for which the grant is used.

In this respect, beneficiaries are required to give prominence to the name and logo of the programme on all their publications, posters, programmes and other products realised under the co-financed project.

To do this they must use the text, the logo and the disclaimer available at http://eacea.ec.europa.eu/about/eacea_logos_en.php, which will be provided by the Agency.

If this requirement is not fully complied with, the beneficiary’s grant may be reduced in accordance with the provisions of the grant agreement.

12.2. By the Agency and/or the Commission

With the exception of scholarships paid to natural persons and other direct support paid to natural persons in most need, all information relating to grants awarded in the course of a financial year shall be published on the Internet site of the European Union institutions no later than the 30 June of the year following the financial year in which the grants were awarded.

The Agency and/or the Commission will publish the following information:

- name of the beneficiary,
- locality of the beneficiary,
- the amount awarded,
- nature and purpose of the grant.

Upon a reasoned and duly substantiated request by the beneficiary, the publication shall be waived if such disclosure risks threatening the rights and freedoms of individuals concerned as protected by the Charter of Fundamental Rights of the European Union or harm the commercial interests of the beneficiaries.

12.3 Communication and dissemination

To maximise impact, projects should have a clear and strong strategy for communication and dissemination of their activities and results, and applicants must provide enough time and resources to communicate and interact appropriately with peers, audiences and local communities as appropriate.

Beneficiaries will be required as stipulated in the grant agreement to produce a public summary/report in English providing information about their work and the results of their project. The public summary/report must be included in the final report submitted to the Agency. The report may be used by the Commission to provide information on the results of projects.

The Commission together with the Agency may identify good practices and prepare relevant dissemination materials to be shared within and across all participating countries and beyond.

Data and results from projects will be made freely available to be used by stakeholders, policy makers and others in a wide range of ways.
Beneficiaries may be required to attend and to participate in events organised by the European Commission or the Agency to share their experience with other participants and/or policy makers.

13. DATA PROTECTION

All personal data (such as names, addresses, CVs, etc.) will be processed in accordance with Regulation (EC) No 45/2001 of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the European Community institutions and bodies and on the free movement of such data.9

Unless marked as optional, the applicant's replies to the questions in the application form are necessary to evaluate and further process the grant application in accordance with the specifications of the call for proposals. Personal data will be processed solely for that purpose by the department or Unit responsible for the European Union grant programme concerned (entity acting as data controller). Personal data may be transferred on a need to know basis to third parties involved in the evaluation of applications or in the grant management procedure, without prejudice of transfer to the bodies in charge of monitoring and inspection tasks in accordance with European Union law. In particular, for the purposes of safeguarding the financial interests of the Union, personal data may be transferred to internal audit services, to the European Court of Auditors, to the Financial Irregularities Panel or to the European Anti-Fraud Office and between authorising officers of the Commission and the executive agencies. The applicant has the right of access to, and to rectify, the data concerning him or her. For any question relating to these data, please contact the Controller. Applicants have the right of recourse to the European Data Protection Supervisor at any time. A detailed Privacy statement, including contact information, is available on EACEA's website:

Applicants and, if they are legal entities, persons who are members of the administrative, management or supervisory body of that applicant or who have powers of representation, decision or control with regard to that applicant, or natural or legal persons that assume unlimited liability for the debts of that applicant, are informed that, their personal data (name, given name if natural person, address, legal form and name and given name of the persons with powers of representation, decision-making or control, if legal person) may be registered in the Early Detection and Exclusion System (EDES) by the Authorising Officer of the Agency, should they be in one of the situations mentioned in the Regulation (EU, Euratom) No 966/2012 of the European Parliament and of the Council of 25 October 2012 on the financial rules applicable to the general budget of the Union and repealing Council Regulation (EC, Euratom) No 1605/2002 (OJ L 298 of 26.10.2012, p. 1) as amended by the Regulation (EU, Euratom) No 2015/1929 of the European Parliament and of the Council of 28 October 2015 (OJ L 286, 30.10.2015, p. 1).
